TREE GRADING

PREMIUM GRADE

Premium trees are superior quality with usually no more than one industry recognised flaw. With good shape and full coverage these are the best trees you can get.

STANDARD GRADE

Good trees that may have minor flaws. These are not normally of concern to the buyer but would be highlighted as a flaw within the industry. They are a good shape and coverage.

ECONOMY GRADE

Economy trees are an affordable option, perfect for budget-conscious shoppers. These trees may have some imperfections like uneven shapes or thinner foliage, but they still bring festive cheer.
